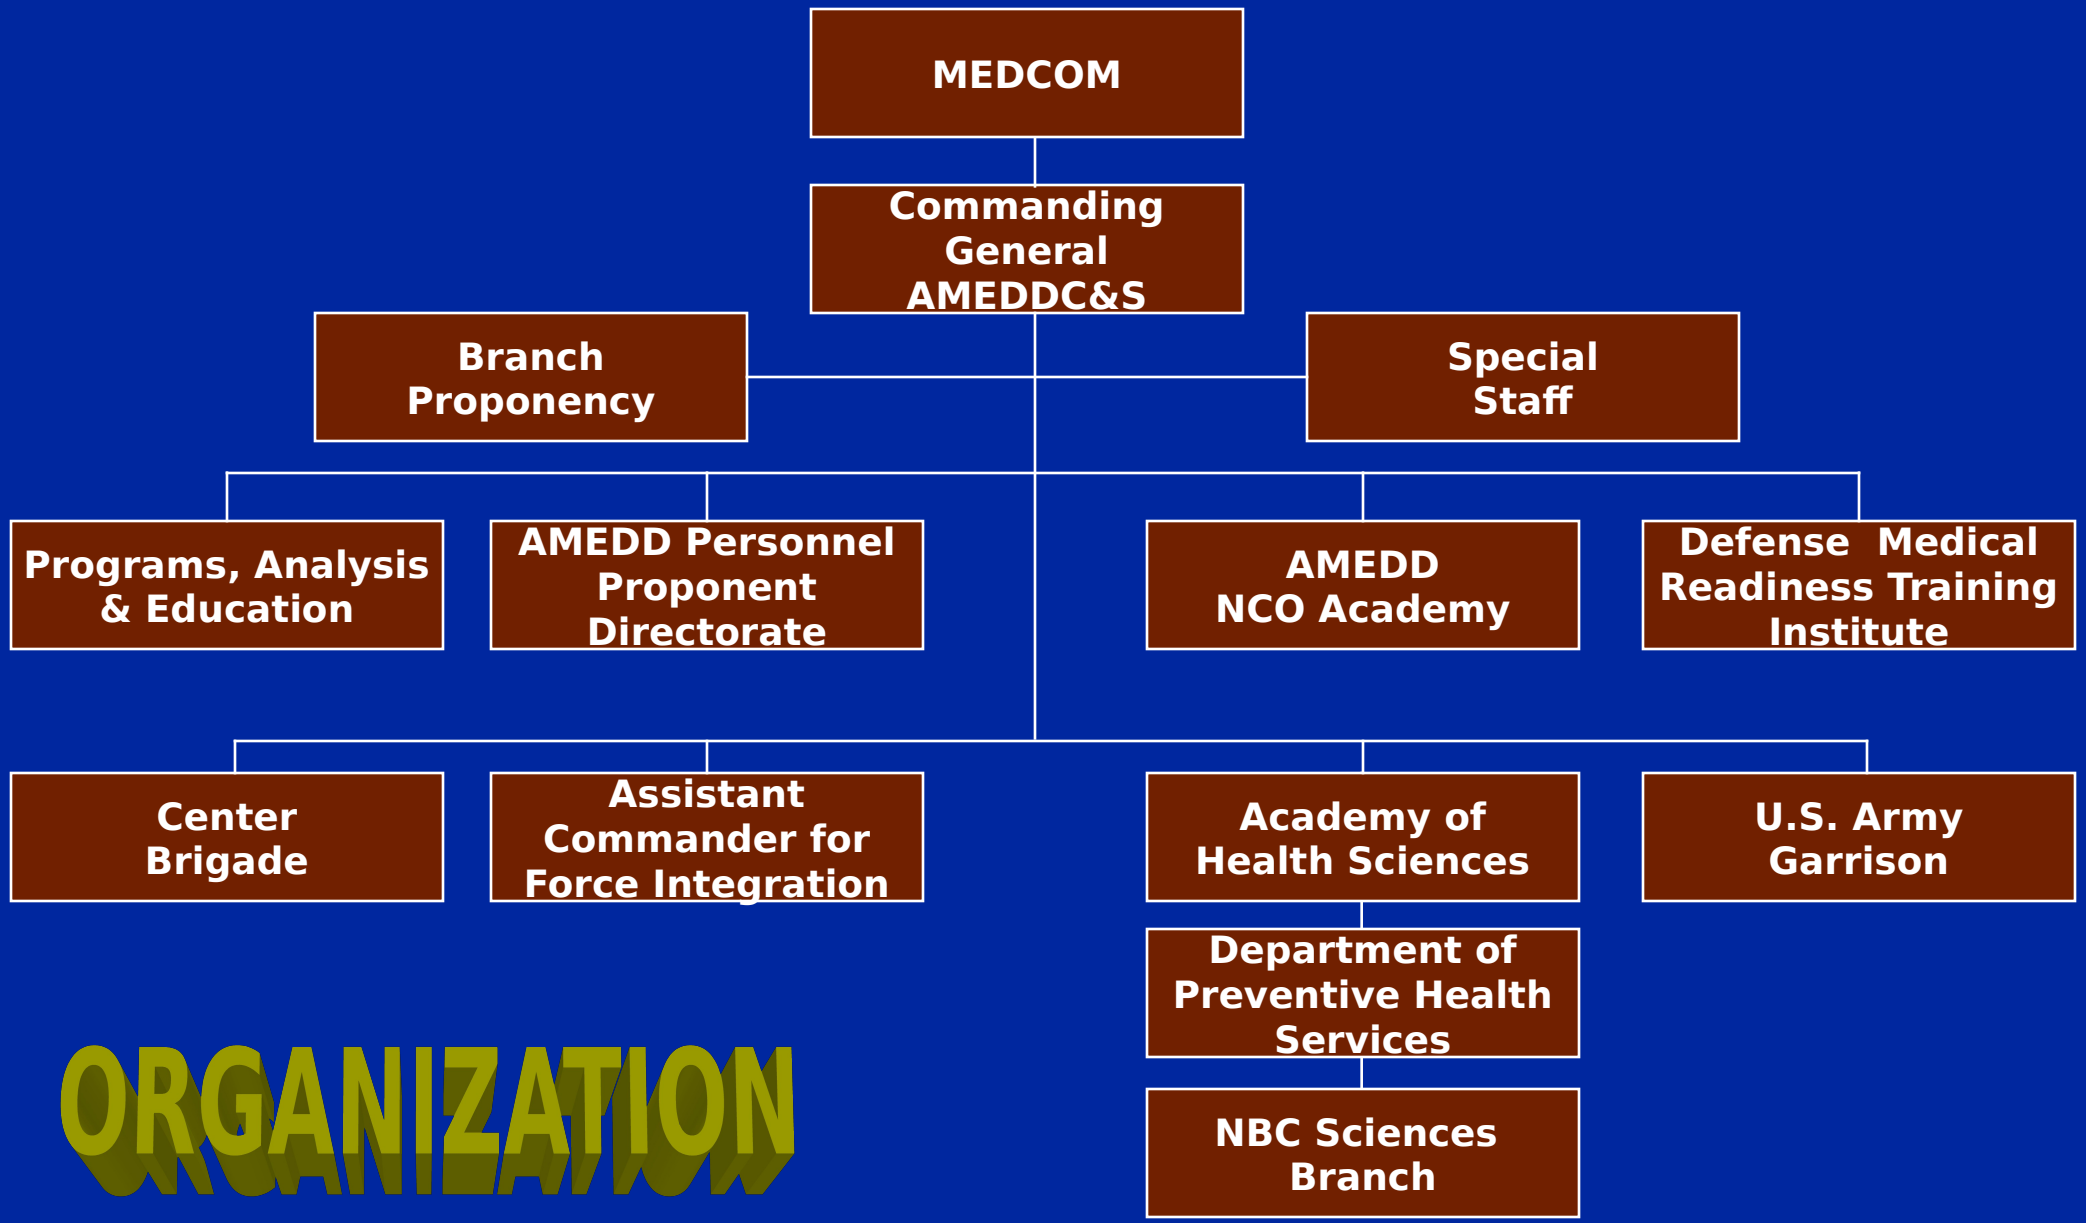
NBC SCIENCES BRANCH MISSION

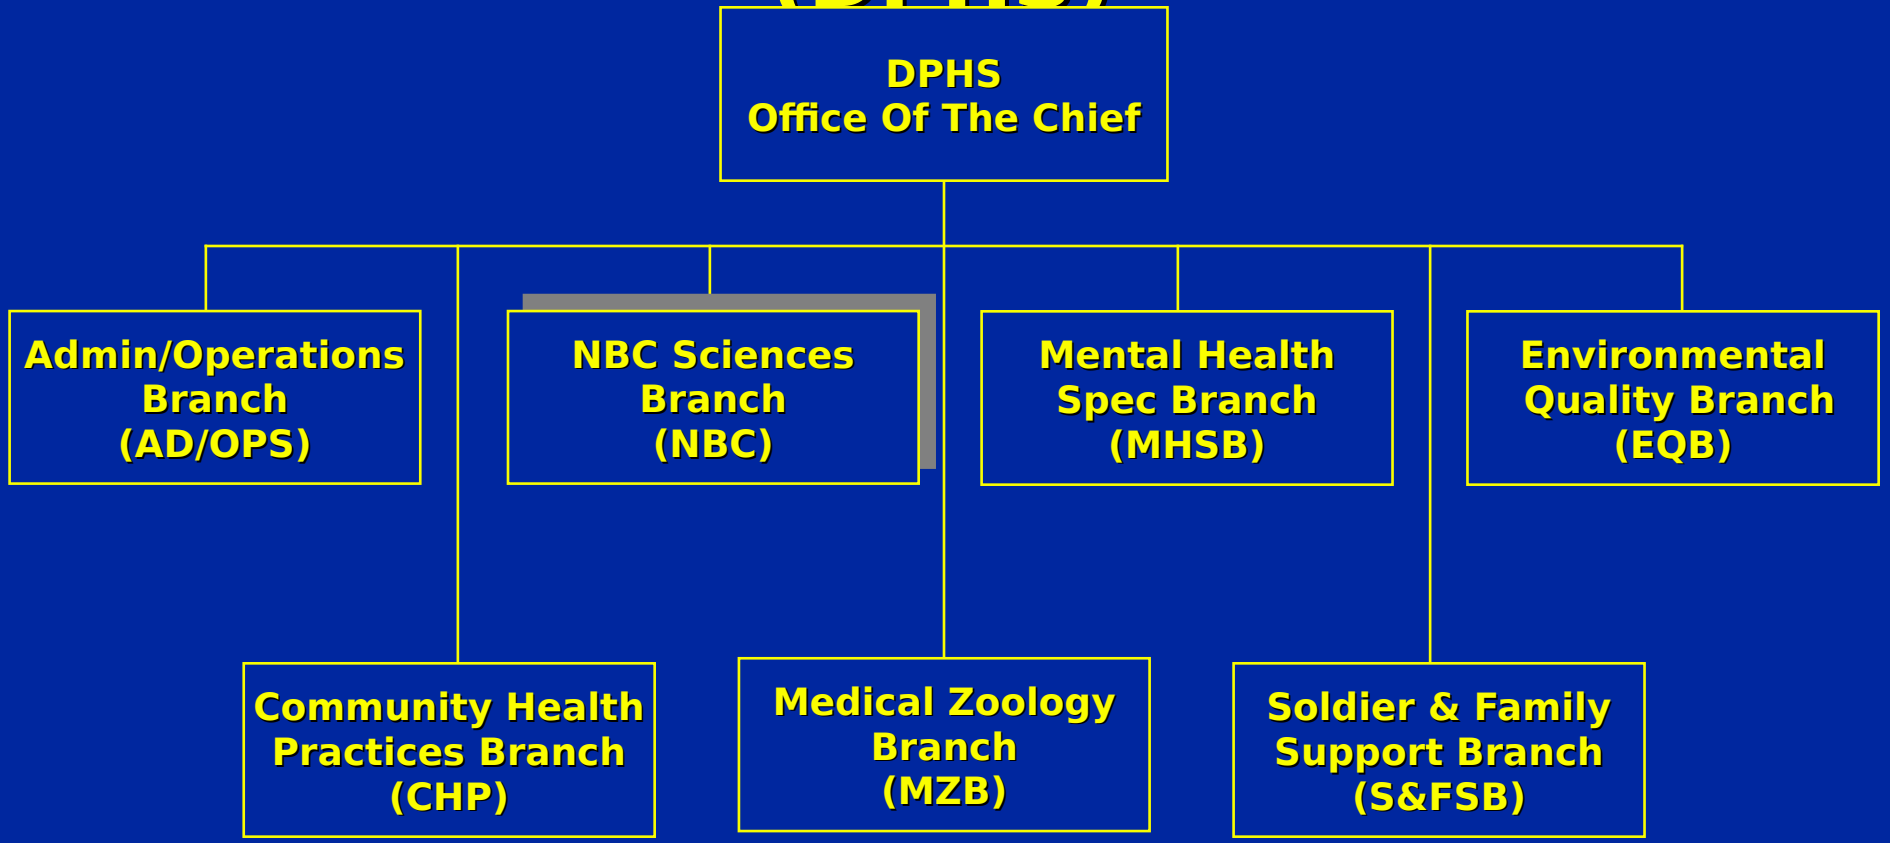
Provide instruction to Army Medical Department personnel to perform medical operations on a nuclear, biological, chemical, or directed energy battlefield; also instruct on the safe use of radiation and radioactive materials. Manage the Academy of Health Sciences (AHS) Radiation Protection Program.

NBC Sciences Branch



ORGANIZATION

Department Of Preventive Health Services (DPHS)



DPHS
Office Of The Chief
Admin/Operations Branch (AD/OPS)
NBC Sciences Branch (NBC)
Mental Health Spec Branch (MHSB)
Environmental Quality Branch (EQB)
Community Health Practices Branch (CHP)
Medical Zoology Branch (MZB)
Soldier & Family Support Branch (S&FSB)

NBC SCIENCES BRANCH
TDA PERSONNEL ALLOWANCE

TITLE	RANK	MOS	AUTH	FILLED
Nuclear Medical Science Officer	LTC		72A	1
Nuclear Medical Science Officer	MAJ		72A	1
Chemical Officer	MAJ	74A	1	1
Nuclear Medical Science Officer	CPT		72A	3
Chemical Operations Specialist	SFC		54B	1
Preventive Medicine Specialist	SFC		91S	1
Preventive Medicine Specialist	SSG		91S	2
Chemical Operations Specialist	SSG		54B	2
Information Systems Specialist	GS11		01750	1
Total			**13**	**13**

NBC Training

- Advance Individual Training (AIT) (91B10)
- Basic Noncommissioned Officer Course (BNCOC)(91B20)
- Advance Noncommissioned Officer Course (ANCOC)(91B30)

NBC Training

- **AMEDD Officer Basic Course (OBC-20)**
  - Active Component (C20)
  - Reserve Component (RC20)
  - Uniform Services University of Health Services (USUHS, MC/DC C20)
  - Health Professional Specialist Program (HPSP, MC/DC C20)
- **AMEDD Officer Advanced Course (OAC-C22)**
  - Active Component (C22) ?
  - Reserve Component (RC22)
  - Combined Logistics Officer Advanced Course (CLOAC)

NBC Training

- Preventive Medicine Program Management (322-91S20)
- Physician Assistant Course (PA)
- Principles of Military Preventive Medicine Programs Course (6A-F5)
- X-Ray Specialist Course (313-91P10)
- Brigade & Division Surgeon Course
- Nuclear Medical Science Officer Tracks (72A)
- Professional Filler System (PROFIS)
- FY96 = 7,972 Students

NBC Training

- Medical Management of Chemical & Biological Casualties (6H-F26)
- Field Management of Chemical & Biological Casualties (322-F26)
- Laser & Radio Frequency Radiation Hazards Course (6H-F17/322-F17)
- Health Physics Course (322-N4)
- Medical X-Ray Survey Techniques Course (6H-F18/322-F18)

Subject Matter Expertise

- WT 4, NBC Training Working Group (WG)
- Support to DCDD
  - MCDR
  - Doctrine Review
  - JSIG
  - FOC's
- WMD Brief w/ RAND Corp.

Radiation Protection Officer (RPO)

- NRC License Management
- Sealed Source Inventories
- Leak Testing
- QA/Annual Program Evaluation
- Dosimetry
- Annual Rad Safety Training
- RCC
- 8/10 of man year

Surgeon General's Congressional Funding

- FY 96 $ 2.1 M
- FY 97 $ 1.2 M
- FY 98 $ 900 K
- Battle Chest/PROFIS Course
- Simulation
- Purchase NBC Defense Equipment
- Digitized FM's/Lessons
- TNET Enhancements

Initiatives

- Kuwait Boxes
- Computer Based Training
- Medical Management to Officer Advance Course
- Evaluation of Reserve Units
- Validate Doctrine at National Training Centers
